Primary care

Total Number of Practitioners: 116

Your primary care provider (PCP) provides and coordinates your care. You may call your PCP's office 24 hours a day, 7 days a week. If your PCP is not available, another healthcare provider will help you. Some internal medicine providers offer basic gynecological care for female members. Some family practice providers offer obstetrical care. You should call the provider's office to find out if those services are provided. Women may choose an obstetrician/gynecologist as a PCP.
