

## NaviCare<sup>®</sup> HMO SNP Over-the-Counter and Additional MassHealth Covered Drugs List

As part of your MassHealth Standard benefit, NaviCare HMO SNP covers certain over-the-counter (OTC) and prescription drugs or indications that are not covered by Medicare with a written prescription from your provider. Certain drugs may require prior authorization. Below is a list of those drugs covered by NaviCare.

In general, we pay only for generic versions of these drugs, singly or in combination, regardless of strength or dosage. However, we may pay for certain brand-name products if deemed to be medically necessary by MassHealth. These products are included on this list by their brand name.

This is not a complete list of drugs covered by us. For a copy of the NaviCare formulary, please call Enrollee Services at 1-877-700-6996 (TRS 711), 8 a.m.–8 pm., Monday–Friday (7 days a week, Oct. 1–March 31), or go online to [fallonhealth.org/navicare](http://fallonhealth.org/navicare).
