## Member Appeals and Grievances

When plan Members are dissatisfied with the outcome of a plan review regarding denial of coverage or services, they have the right to appeal the decision. The Member Appeals and Grievances staff coordinates the plan's Member appeals procedure for all product lines. Members should refer to plan specific documents such as the Member Handbook and Evidence of Coverage for complete information. In the following sections, 'you' or 'he/she' is referring to the Member.

### *Filing an appeal: internal appeal review*

If the member disagrees with an adverse determination about coverage related to care, he/she may file an appeal. An appeal is a request to change a previous decision made by Fallon Health. The member may file the appeal, or with the completion of the appropriate authorization form, may have someone else (e.g., a family member, friend, physician/practitioner) do this for you. The member must file an appeal within 180 calendar days from when he/she received the written denial.

If the member files an appeal, be sure to give us all of the following information:

- The member's name
- The Fallon Health identification number
- The facts of the request
- The outcome that you are seeking
- The name of any representative with whom you have spoken

The member can file an appeal in any of the following ways:

**Write:** Fallon Health Member Appeals and Grievances Department 1 Mercantile St., Ste. 400, Worcester, MA 01608

**Inquiries, appeals and grievances questions?** Contact Customer Service at 1-800-868-5200 (TRS 711) or at [www.fallonhealth.org](http://www.fallonhealth.org). 24 Call: 1-800-333-2535, ext. 69950 (TRS 711) Monday through Friday, 8:00 a.m. to 5:00 p.m.

**E-mail:** [grievance@fallonhealth.org](mailto:grievance@fallonhealth.org)

**Fax:** 1-508-755-7393

**In person:** Fallon Health  
1 Mercantile St., Ste. 400, Worcester, MA 01608

If you send us a written or electronic appeal, we will acknowledge your request in writing within 15 business days from the date we receive the request, unless you and the plan both agree in writing to waive or extend this time period. We will put an oral appeal made by you or your authorized representative in writing and send the written statement to you or your authorized representative within 48 hours of the time that we talked to you, unless you and the plan both agree in writing to waive or extend this time period. We will complete our review and send you a written response within 30 calendar days from the date that we receive your request. If the appeal followed from an unresolved inquiry, the 30-day period will start three business days from the date Fallon Health received the inquiry or on the day you advise us that you are not satisfied with the results of your inquiry, whichever comes first.

# Member appeals and grievances

---

*Commercial member appeals and grievances procedures continued...*

These time limits may be waived or extended if you and the plan both agree in writing to the change. This agreement must note the length of the extension, which can be up to 30 days from the date of the agreement. You have the right to provide any additional information, including evidence and allegations of fact or law, in support of your appeal. This may be done in person or in writing. Any new information received by Fallon Health during the course of the appeal may be sent to you for review. At any point before or during the appeal process, you may examine your case file, which may include medical records or any other documentation and records considered during the appeals process.

In some cases, Fallon Health will need medical records to complete our review of your appeal. If we do, we may ask you to sign a form to authorize your provider to release the records to us. If you do not send this form within 30 calendar days from receipt of your appeal, Fallon Health will complete the review based on the information that we do have, without the medical records. Your appeal will be reviewed by individuals who are knowledgeable about the matters at issue in the appeal. If your appeal is about an adverse determination, the reviewer will be an individual who did not participate in any of the plan's prior decisions on the issue. The reviewer will consult with a health care professional who is actively practicing in the same or similar specialty that is the subject of your appeal.

If the subject matter of the internal review involves the termination of ongoing services, the disputed coverage or treatment shall remain in effect at our expense through completion of the internal appeal process regardless of the final appeal decision. The appeal must be filed on a timely basis, based on the course of treatment. This includes only that medical care that, at the time it was initiated, was authorized by Fallon Health. It does not include medical care that was terminated due to a specific exclusion in your benefits. Our response will describe the specific information we considered as well as an explanation for the decision.

If the appeal is about an adverse determination, the written response will include the clinical justification for the decision, consistent with generally accepted principles of professional medical practice; the information on which the decision was based; pertinent information on your condition; alternative treatment options as appropriate; clinical guidelines or criteria used to make the decision; and your right to request external review and the process for doing so.

**Opportunity for reconsideration** If relevant information was received too late, or is expected to become available within a reasonable time period, for internal review, you may ask for a reconsideration of a final adverse determination. In this case, Fallon Health would agree in writing to a new time period for review. This would not be longer than 30 days from the date Fallon Health agrees to the reconsideration.

## ***Expedited review***

The member can request an expedited (fast) review either orally or in writing concerning coverage for immediate and urgently needed services.

- 1. Inpatient admission:** During your inpatient admission and prior to discharge, a written decision will be provided to you. If the expedited review results in a denial of coverage regarding the continuation of inpatient care, you will have the opportunity to request an expedited external review and the opportunity to request continuation of services through the external review process available through the Office of Patient Protection (OPP).
- 2. Immediate and urgent services:** You will receive a written determination within 48 hours, if your treating physician certifies that the treatment or proposed treatment is:  
a. Medically necessary; b. A denial of coverage for the services would create a substantial risk of serious harm to you; and c. Such risk of serious harm is so immediate that the services should not await the outcome of the standard appeal process. If the expedited review process results in an adverse determination, you will be informed of the opportunity to request an expedited external review through the Office of Patient Protection. If your review involves the termination of ongoing services, you will be notified about the opportunity to request continuation of services.
- 3. Durable medical equipment:** You will receive a written determination within less than 48 hours, if your physician:  
a. Certifies that this equipment is medically necessary; b. Certifies that the denial of the equipment would create a substantial risk of serious harm; c. Certifies that such risk of serious harm is so immediate that the services should not await the outcome of the standard appeal process; d. Describes the specific immediate and severe harm if no action is taken within the 48 hour time period; and e. Specifies a reasonable time period in which Fallon Health must respond.

If the expedited review process results in an adverse determination, you (member) will be informed of the opportunity to request an expedited external review through the Office of Patient Protection. If your review involves the termination of ongoing services, you will be notified about the opportunity to request continuation of services. In the specific instances noted above, you will receive a response within 48 hours. In all other expedited reviews, you will receive a response within 72 hours of receipt of your request.

## ***Expedited review for terminally ill members***

If the member is terminally ill, he/she can request an expedited review of the appeal. A determination will be provided within five business days from receipt of an appeal request, and will include the specific medical and scientific reasons for denying coverage or treatment, along with information on any covered alternative treatments, services or supplies. If the request for coverage or treatment is denied, the member may request and attend a conference at Fallon Health, for further review. The conference will be scheduled within 10 days of receiving your request unless your treating physician determines, after discussion with the Fallon Health Medical Director or designee, that an immediate conference is necessary. In that case, the conference will be held within five business days. The member may participate at the conference in person or via telephone; however, member attendance is not required. If the conference results in a final adverse determination, the member may request an expedited external review through the Office of Patient Protection.

If the appeal involves the termination of ongoing coverage or treatment, this coverage or treatment will continue at the plan's expense until we complete our review, regardless of the final decision. Inquiries, appeals and grievances Questions? Contact Customer Service at 1-800-868-5200 (TRS 711) or at [www.fallonhealth.org](http://www.fallonhealth.org).

## ***Filing an appeal: external appeal review***

An external appeal is a request for an independent review of the final decision made by Fallon Health through its internal appeal process. If the appeal involved an adverse determination, and you (member) are not satisfied with our final decision, you have the right to file the case with an external review agency. You must request this in writing within four months from receiving the written notice of the final adverse determination. If the subject matter of the external review involves the termination of ongoing services, you may apply to the external review panel to seek the continuation of coverage or treatment. You must file this request by the end of the second business day after receiving the final adverse determination. If the external review agency finds that termination of services would cause you substantial harm, they may order continuation of coverage at our expense, regardless of the final external review determination. In any case where we fail to meet our internal timelines, you have the right to file an external review, even if you have not yet exhausted our internal appeals process. Expedited external review You may request an expedited (fast) external review. In this case you must submit a written certification from your physician stating that a delay in providing or continuing the health care services that are the subject of a final adverse determination would pose a serious and immediate threat to your health.

You must file your request for external review or expedited external review with: Health Policy Commission Office of Patient Protection 50 Milk Street, 8th Floor Boston, MA 02109.

# Member appeals and grievances

*Commercial member appeals and grievances procedures continued...*

For more information about this process, or to file an external review, please contact OPP at 1-800-436-7757 (<http://www.mass.gov/hpc/opp>) Fax: 1-617-624-5046.

Your request should:

- Be on the form determined by the Office of Patient Protection
- Include your signature or your authorized representative's signature
- Include a copy of the written final adverse determination made by Fallon Health
- Include the \$25 fee required.

The fee may be waived by the Office of Patient Protection if it determines that the payment of the fee would result in an extreme financial hardship to the member. You may file an expedited external review even if you have not received a decision through our internal appeals process.

### ***Making an appeal***

If we make a coverage decision and you (member) are not satisfied with this decision, you can “appeal” the decision. An appeal is a formal way of asking us to review and change a coverage decision we have made. When you appeal a decision for the first time, this is called a Level 1 Appeal. In this appeal, we review the coverage decision we made to check to see if we were following all of the rules properly. Your appeal is handled by different reviewers than those who made the original unfavorable decision. When we have completed the review we give you our decision. Under certain circumstances, you can request an expedited or “fast coverage decision” or fast appeal of a coverage decision.

If we say no to all or part of your Level 1 Appeal, you can go on to a Level 2 Appeal. The Level 2 Appeal is conducted by an Independent Review Organization that is not connected to us. (In some situations, your case will be automatically sent to the Independent Review Organization for a Level 2 Appeal. In other situations, you will need to ask for a Level 2 Appeal.)

### ***How to get help when you are asking for a coverage decision or making an appeal***

Would you like some help?

Here are resources you may wish to use if you decide to ask for any kind of coverage decision or appeal a decision:

- You can call us at Customer Service
- You can get free help from your State Health Insurance Assistance Program
- Your doctor can make a request for you.

For medical care or Part B prescription drugs, your doctor can request a coverage decision or a Level 1 Appeal on your behalf. If your appeal is denied at Level 1, it will be automatically forwarded to Level 2. For Part D prescription drugs, your doctor or other prescriber can request a coverage decision or a Level 1 or Level 2 Appeal on your behalf.

Generally, we use the standard deadlines for giving you our decision. When we give you our decision, we will use the “standard” deadlines unless we have agreed to use the “fast” deadlines.

### ***Standard Appeal decision***

A standard appeal decision means we will give you (member) an answer within 30 calendar days after we receive your request for a medical item or service. If your request is for a Medicare Part B or Part D prescription drug, we will give you an answer within 7 days after we receive your request. However, for a request for a medical item or service we can take up to 14 more calendar days if you ask for more time, or if we need information (such as medical records from out-of-network providers) that may benefit you. If we decide to take extra days to make the decision, we will tell you in writing.

# Member appeals and grievances

---

*Fallon Medicare Plus member appeals and grievances procedures continued...*

We can't take extra time to make a decision if your request is for a Medicare Part B or Part D prescription drug. If you believe we should not take extra days, you can file a "fast complaint" about our decision to take extra days. When you file a fast complaint, we will give you an answer to your complaint within 24 hours. (The process for making a complaint is different from the process for coverage decisions and appeals.)

## ***Fast coverage decision***

If your health requires it, ask us to give you a "fast appeal decision"

- A fast appeal decision means we will answer within 72 hours. However, for a request for a medical item or service we can take up to 14 more calendar days if we find that some information that may benefit you is missing (such as medical records from out-of-network providers), or if you need time to get information to us for the review. If we decide to take extra days, we will tell you in writing. We can't take extra time to make a decision if your request is for a Medicare Part B or Part D prescription drug. If you believe we should not take extra days, you can file a "fast complaint" about our decision to take extra days. We will call you as soon as we make the decision.
- To get a fast decision, only if using the standard deadlines could cause serious harm to your health or hurt your ability to function or your physician requests one.
  1. If your doctor tells us that your health requires a "fast coverage decision," we will automatically agree to give you a fast coverage decision.
  2. If you ask for a fast appeal decision on your own, without your doctor's support, we will decide whether your health requires that we give you a fast appeal decision. If we decide that your medical condition does not meet the requirements for a fast appeal decision, we will send you a letter that says so (and we will use the standard deadlines instead). This letter will tell you that if your doctor asks for the fast appeal decision, we will automatically give a fast appeal decision. The letter will also tell you how you can file a "fast complaint" about our decision to give you a standard appeal decision instead of the fast appeal decision you requested.

Remember that, if necessary, Fallon Health can assist you with interpreter services during the Internal Appeal process. You may file the appeal:

If you choose to give someone you trust permission to act on your behalf during the Internal Appeal, Fallon Health requires you to sign and return a Personal Representative Authorization form. This person is referred to as your authorized Appeal Representative. If you choose to have your physician or treating provider file an expedited appeal on your behalf, written authorization is not required. To obtain the Personal Representative Authorization form, call the Fallon Health Member Appeals and Grievances Department at 1-800-333-2535, Monday through Friday from 8:00 a.m. to 5:00 p.m., or the Fallon Health Customer Service Department at 1-855-203-4660 (TRS 711), Monday through Friday from 8 a.m. to 6 p.m. If Fallon Health does not receive this form by the time that the deadlines expire for resolving your Internal Appeal, Fallon Health will notify you in writing that your Appeal has been dismissed.

If you believe that you or your authorized Appeal Representative did in fact submit the Personal Representative Authorization form within the Internal Appeal deadlines, you can request that the dismissal be reversed by sending a letter to Fallon Health within ten (10) calendar days of the dismissal. Fallon Health will consider your request and will decide either to reverse the dismissal and continue with your Appeal or will uphold its dismissal. Fallon Health will notify you of this decision in writing. If Fallon Health upholds your dismissal, the dismissal will become final. If you disagree with this decision, you can Appeal to the Executive Office of Health and Human Services, Office of Medicaid's Board of Hearings (BOH).

## **Option 1:** filing a standard or expedited (fast) internal appeal

### ***Steps to take to file a standard internal appeal***

You or your authorized Appeal Representative may file a standard or expedited (fast) Internal Appeal within sixty (60) calendar days of Fallon Health's notice to you telling you about any action or inaction that entitles you to an Appeal. But, if you did not receive such a notice, your Internal Appeal request must be filed within sixty (60) calendar days of learning on your own about Fallon Health's actions or inactions described above. If applicable, you can choose to continue receiving requested services from Fallon Health during the Internal Appeal process, but if you lose the Appeal, you may have to pay MassHealth back for the cost of these services.

If you want to receive such continuing services, you or your authorized Appeal Representative must submit your Internal Appeal request within ten (10) calendar days from the date of the letter notifying you of the denial (or, if you did not receive a denial notice, ten (10) calendar days from the date of the action or inaction) and indicate that you want to continue to get these services. If your Internal Appeal request is received more than sixty (60) calendar days after the denial letter notifying you of the action you are appealing (or, if you did not receive a denial notice sixty (60) calendar days from the date you learned of the action or inaction), Fallon Health will dismiss your Internal Appeal and will notify you in writing that your Appeal has been dismissed.

If you believe that you did in fact submit your Internal Appeal within the deadlines, you can request that the dismissal be reversed by sending a letter to Fallon Health within ten (10) calendar days of the dismissal. Fallon Health will consider your request and will decide either to reverse the dismissal and continue with your Appeal or will uphold its dismissal. Fallon Health will notify you of this decision in writing. If Fallon Health upholds your dismissal, the dismissal will become final. If you disagree with this decision, you can Appeal to the Executive Office of Health and Human Services, Office of Medicaid's Board of Hearings (BOH) (see Option 2). How the standard internal appeal process works We will process your Appeal as quickly as your health requires and will notify you of our decision no later than thirty (30) calendar days from the date your standard Internal Appeal request is received.

1. If you want to send us more information regarding your Appeal, you or your authorized Appeal Representative may request an extension of up to fourteen (14) calendar days so you have more time to obtain your information.
2. Fallon Health may also take an extension of up to fourteen (14) calendar days to obtain necessary information.

*Fallon MassHealth ACO member appeals and grievances procedures continued...*

Please note that Fallon Health can only request an extension if:

- The extension is in your best interest.
- Fallon Health needs additional information that we believe, if we receive it, will lead to approval of your request.
- Such outstanding information is reasonably expected to be received within fourteen (14) calendar days.

If you do not agree with the extension taken by Fallon Health, you may file a Grievance. For more information about Grievances, refer to the Grievances section described above. If you are not satisfied with the outcome of your standard internal appeal, you may:

1. Proceed to the Executive Office of Health and Human Services, Office of Medicaid's Board of Hearings (BOH) for further Appeal (see Option 2). How to request an expedited (fast) internal appeal
2. You or your authorized Appeal Representative can request an expedited (fast) Internal Appeal if you or your Appeal Representative feel that the thirty (30) calendar time frame for a standard resolution could seriously jeopardize your life, health or your ability to get, maintain or regain maximum function.

If your request for an expedited (fast) Internal Appeal is filed by your provider acting as your authorized Appeal Representative, or if your provider supports your request for an expedited (fast) Internal Appeal, then the request that your Appeal be expedited will be approved unless it is unrelated to your health status. Otherwise, Fallon Health has the right to determine whether or not to process the Appeal as an expedited (fast) Internal Appeal. Punitive action is not taken against a provider who requests an expedited appeal or supports a member's appeal. If applicable, you can choose to continue receiving requested services from Fallon Health during the Internal Appeal process, but if you lose the Appeal, you may have to pay MassHealth back for the cost of these services.

If you want to receive such continuing services, you or your authorized Appeal Representative must submit your Internal Appeal request within ten (10) calendar days from the date of the letter notifying you of the denial (or, if you did not receive a denial notice, ten (10) calendar days from the date of the action or inaction) and indicate that you want to continue to get these services.

If you want to request an expedited (fast) Internal Appeal and if the Appeal does not apply to denials of payment:

1. File your Appeal over the telephone, in writing, in person or via e-mail.
2. Make sure you are clear in your request by stating, "I want a fast Appeal," or "I believe that my health could be seriously harmed by waiting 30 calendar days for a normal Appeal."

## **How the expedited (fast) internal appeal process works**

If you meet the qualifications for an expedited (fast) Internal Appeal, Fallon Health will process your Appeal request and let you know of our decision orally and in writing, as quickly as your health requires, but not later than 72 hours from when we received your request.

Getting an expedited (fast) internal appeal extension:

1. If you want to send us additional information that's important to your Appeal, you or your authorized Appeal Representative may request an extension of up to fourteen (14) calendar days.
2. Fallon Health may also make an extension of up to fourteen (14) calendar days only if:
  - The extension is in your best interest.
  - Fallon Health needs additional information that we believe, if we receive it, will lead to approval of your request.
  - Such outstanding information is reasonably expected to be received within fourteen (14) calendar days.

If you do not agree with the extension taken by Fallon Health, you or your authorized Appeal Representative may file a Grievance. For more information about Grievances, refer to the Grievances section described above. If your request does not qualify for an expedited (fast) internal appeal:

1. The Appeal request will be processed within the time frame for a standard Internal Appeal of thirty (30) calendar days.
2. You will be notified, in writing, that your Appeal request will be handled as a standard Internal Appeal.
3. If you disagree with this decision, you may file a Grievance. For more information about Grievances, refer to the Grievances section described above.

If you are not satisfied with the outcome of your expedited (fast) internal appeal, you may: If you would like your Appeal to be treated as an expedited (fast) Appeal at the Executive Office of Health and Human Services, Office of Medicaid's Board of Hearings (BOH) (see Option 2), you should request your Appeal within twenty (20) calendar days. Requests received between days 21 and 30 will be treated as a standard Appeal by the BOH.

## **Option 2: request a hearing for a board of hearings appeal**

Steps to take:

You or your authorized Appeal Representative can request a hearing from the Executive Office of Health and Human Services, Office of Medicaid's Board of Hearings (BOH) if:

1. You are dissatisfied with the Fallon Health's expedited (fast) Internal Appeal determination;
2. You are dissatisfied with the Fallon Health first-level standard Internal Appeal; or

3. If Fallon Health did not resolve your first level standard Internal Appeal, or did not resolve your expedited (fast) Internal Appeal within three (3) calendar days (or within fourteen (14) extra calendar days if there is an extension).

To do so, you need to complete the Fair Hearing Request form which you will receive with the Appeal determination letter and mail or fax it to the following address: Executive Office of Health and Human Services Office of Medicaid Board of Hearings 100 Hancock St., Sixth floor Quincy, MA 02171 Or fax to 1-617-847-1204 You must file your Fair Hearing Request Form within thirty (30) calendar days of Fallon Health's decision resolving your Internal Appeal unless you are requesting an expedited (fast) BOH appeal, as described below.

To ask for help with any of the Appeal process options, call the Fallon Health Member Appeals and Grievances Department at 1-800-333-2535 (TTY users please call TRS Relay 711). Board of hearings: expedited (fast) internal appeal If your Appeal was an expedited (fast) Internal Appeal and you want BOH to make an expedited (fast) decision too, you or your authorized Appeal Representative must request a BOH Appeal within twenty (20) calendar days of Fallon Health's decision resolving your expedited (fast) Internal Appeal. If BOH receives your request between days twenty-one (21) and thirty (30), your Appeal will be processed as a standard Appeal. You tell the BOH that you want a fast appeal by checking the appropriate space on the BOH form.

## ***How to receive continuing services***

If you want to receive continuing coverage of previously authorized services through the outcome of the BOH Appeal, your appeals request must be received by the BOH within ten (10) calendar days of Fallon Health's decision resolving your Internal Appeal. You also have the option of withdrawing your request for services. If you choose to receive continuing services through your Appeal and if the BOH upholds Fallon Health's original denial, you may be responsible for paying MassHealth back for the cost of the continuing services.

### ***Making an appeal – Level 1***

If we make an adverse coverage decision and you are not satisfied with this decision, you can “appeal” the decision. An appeal is a formal way of asking us to review and change a coverage decision we have made. When you appeal a decision for the first time, this is called a Level 1 Appeal.

In this appeal, we review the coverage decision we made to check to see if we were following all of the rules properly. Your appeal is handled by different reviewers than those who made the original adverse determination. When we have completed the review, we give you our decision. Under certain circumstances, the member can request an expedited or “fast coverage decision” or fast appeal of a coverage decision.

Your doctor or other health care provider can make a request for you. For medical care, your doctor or other health care provider can request a coverage decision or a Level 1 Appeal on your behalf.

If your doctor or other health provider asks that a service or item that you are already getting be continued during your appeal, you may need to name your doctor or other prescriber as your representative to act on your behalf. To request any appeal after Level 2, you must name your doctor as your representative to act on your behalf. For Part D prescription drugs, your doctor or other prescriber can request a coverage decision or a Level 1 or Level 2 Appeal on your behalf. To request any appeal after Level 2, you must name your doctor or other prescriber as your representative.

### ***Level 2***

If we say no to part or all of your Level 1 Appeal, we will send you a letter. This letter will tell you if the service or item is usually covered by Medicare or MassHealth (Medicaid) or could be covered by both.

- If your problem is about a service or item that is usually covered by Medicare, we will automatically send your case to Level 2 of the appeals process as soon as the Level 1 Appeal is complete.
- If your problem is about a service or item that is usually covered by MassHealth (Medicaid), you can file a Level 2 Appeal yourself. The letter will tell you how to do this. Information is also below.
- If your problem is about a service or item that could be covered by both Medicare and MassHealth (Medicaid), you will automatically get a Level 2 Appeal with the Independent Review Organization. You can also ask for a Fair Hearing with the state.

What to do if you have a problem or complaint (coverage decisions, appeals, complaints). If you qualified for continuation of benefits when you filed your Level 1 Appeal, your benefits for the service, item, or drug under appeal may also continue during Level 2. Go to member handbook for information about continuing your benefits during Level 1 Appeals.

- If your problem is about a service that is usually covered by Medicare only, your benefits for that service will not continue during the Level 2 appeals process with the Independent Review Organization.
- If your problem is about a service that is usually covered by MassHealth (Medicaid), your benefits for that service will continue if you submit a Level 2 Appeal within 10 calendar days after receiving the plan's decision letter.

## ***Filing a Level 2 Appeal - MassHealth (Medicaid) Appeal***

If we say no to your Level 1 Appeal about a MassHealth Standard (Medicaid)-covered benefit, you may pursue an independent review by the MassHealth (Medicaid) Board of Hearings (BOH).

During the Level 2 Appeal, the BOH reviews our decision for your first appeal. They decide whether the decision we made should be changed.

To make a Level 2 MassHealth (Medicaid) Appeal, you (or your representative or your doctor or other prescriber) must contact the Board of Hearings and ask for a review of your case.

- If we say no to your Level 1 Appeal, the written notice we send you will include instructions on how to make a Level 2 Appeal with the BOH. These instructions will tell you who can make this Level 2 Appeal, what deadlines you must follow, and how to reach the BOH.
- If you choose to pursue an external appeal, you must submit your written hearing request to BOH within 120 calendar days from the date of mailing of the NaviCare HMO SNP denial notice (or in the event that the plan did not resolve your appeal in a timely fashion, within 120 days of the date on which the plan's time frame for resolving that appeal has expired).
- Our Member Appeals and Grievances may assist you with this process, but it is your (or your representative's) responsibility to submit the request and to do it within 120 calendar days from the date we mailed the denial notice. Hearing requests should be sent to: Executive Office of Health and Human Services Board of Hearings Office of Medicaid 100 Hancock Street, 6th floor Quincy, MA 02171 Or fax to 1-617-847-1204.

## **Standard and fast deadlines**

Generally, we use the standard deadlines for giving you our decision. When we give you our decision, we will use the “standard” deadlines unless we have agreed to use the “fast” deadlines. A standard appeal decision means we will give you an answer within 30 calendar days after we receive your request for a medical item or service.

If your request is for a Medicare Part B prescription drug, we will give you an answer within 7 days after we receive your request.

- For a request for a medical item or service (excluding Part B and D), we can take up to 14 more calendar days if you ask for more time, or if we need information (such as medical records from out-of-network health care providers) that may benefit you. If we decide to take extra days to make the decision, we will tell you in writing. We can’t take extra time to make a decision if your request is for a Medicare Part B prescription drug.
- If you believe we should not take extra days, you can file a “fast complaint” about our decision to take extra days. When you file a fast complaint, we will give you an answer to your complaint within 24 hours. (The process for making a complaint is different from the process for coverage decisions and appeals. For more information about the process for making complaints, including fast complaints, see Section 11 of this chapter.) If your health requires it, ask us to give you a “fast coverage decision”
- A fast appeal decision means we will answer within 72 hours.. For a request for a medical item or service (excluding Part B or D), we can take up to 14 more calendar days if we find that some information that may benefit you is missing (such as medical records from out-of-network health care providers) or if you need time to get information to us for the review. If we decide to take extra days, we will tell you in writing. We can’t take extra time to make a decision if your request is for a Medicare Part B or Part D prescription drug. If you believe we should not take extra days, you can file a “fast complaint” about our decision to take extra days. (For more information about the process for making complaints, including fast complaints. We will call you as soon as we make the decision.
- To get a fast a decision, only if using the standard deadlines could cause serious harm to your health or hurt your ability to function or your physician requests one.
  3. If your doctor tells us that your health requires a “fast coverage decision,” we will automatically agree to give you a fast coverage decision.
  4. If you ask for a fast appeal decision on your own, without your doctor’s support, we will decide whether your health requires that we give you a fast appeal decision. If we decide that your medical condition does not meet the requirements for a fast appeal decision, we will send you a letter that says so (and we will use the standard deadlines instead). This letter will tell you that if your doctor asks for the fast appeal decision, we will automatically give a fast appeal decision. The letter will also tell you how you can file a “fast complaint” about our decision to give you a standard appeal decision instead of the fast appeal decision you requested.

### ***Making an appeal – Level 1***

If we make an adverse coverage decision and you are not satisfied, you can “appeal” the decision. An appeal is a formal way of asking us to review and change a coverage decision we have made. When you appeal a decision for the first time, this is called a Level 1 appeal.

In this appeal, we review the coverage decision we made to check to see if we were properly following the rules. Your appeal is handled by different reviewers than those who made the original adverse determination. When we have completed the review, we give you our decision. Under certain circumstances, which we discuss later, you can request an expedited or fast appeal of a coverage decision.

Your doctor or other health care provider can make a request for you. For medical care, your doctor or other health care provider can request a coverage decision or a Level 1 Appeal on your behalf.

In limited circumstances, a request for a Level 1 appeal will be dismissed, which means we won't review the request. Examples of when a request will be dismissed include if the request is incomplete, if someone makes the request on your behalf but isn't legally authorized to do so or if you ask for your request to be withdrawn. If we dismiss a request for a Level 1 appeal, we will send a notice explaining why the request was dismissed and how to ask for a review of the dismissal.

If we say no to all or part of your Level 1 appeal for medical care, we will send you a letter explaining our decision, and provide instructions on how to ask the state of Massachusetts for a Fair Hearing - this is called a Level 2 Appeal.

***To make a Level 2 - MassHealth (Medicaid) Appeal***, you (or your representative or your doctor or other prescriber) must contact the Board of Hearings and ask for a review of your case.

- If you choose to pursue an external appeal, you must submit your written hearing request to BOH within 120 calendar days from the date of mailing of the NaviCare SCO denial notice (or in the event that the plan did not resolve your appeal in a timely fashion, within 120 days of the date on which the plan's time frame for resolving that appeal has expired).
- Our Member Appeals and Grievances may assist you with this process, but it is your (or your representative's) responsibility to submit the request and to do it within 120 calendar days from the date we mailed the denial notice.
